**SERDI Joins HPTi, Inc. Team on FBI-ITSSS IDIQ Win****FBI's Information Technology Supplies and Support Services ( FBI-ITSSS)**

**July 2011**– SERDI was part of a winning team for the FBI's recently awarded ITSSS contract vehicle. SERDI partnered with HPTi in its bid for the FBI's \$30 Billion dollar ITSSS contract vehicle. As a winning team member, SERDI will market its services, along with those of its team members, to the FBI. The ITSSS IDIQ contract is the largest in the FBI's history and is designed to improve the quality of technology supplies and services to the bureau. SERDI looks forward to working with the FBI and its teaming partner to drive the FBI's mission critical IT services and infrastructure to the next level.

**About the ITSSS Program**

As a threat-based and intelligence-driven national security organization, the FBI protects and defends the United States against terrorist and foreign intelligence threats, to uphold and enforce criminal laws, and to provide leadership and criminal justice services to federal, state, municipal, and international agencies and partners. The FBI's IT Triple S contract will enable the Bureau to obtain the technical services needed to accomplish these critical mission objectives.

**About HPTi**

Founded in 1991, HPTi, Inc. is headquartered in Reston, VA. The privately owned firm enjoyed revenues of nearly \$91 million in 2010. HPTi employs over 400 professionals. The mid-sized firm is responsible for several high-profile solutions for the federal government and focuses primarily on federal clients. Most of the company's work involves computational science, program management, software development, and systems engineering
